St. George, Utah 84790

Subject: Site Inspection, MMG Mining, Bald Knoll Mine, S/025/0012, Kane County, Utah

Dear Mr. Carter:

On May 8, 2012, the Division of Oil, Gas and Mining issued a directive requiring reclamation of the Bald Knoll mine. The site was inspected on November 13, 2013 (see attached inspection memo). The Division now considers the reclamation regrading work to be complete. You may request a partial release of the reclamation surety by filling out form MR-SITE, which is available on the Division's web site at [www.ogm.utah.gov/minerals/permitting/forms](http://www.ogm.utah.gov/minerals/permitting/forms). Until the revegetation is determined successful, the Division will need to hold \$5,000 to assure the revegetation success. This will be for a minimum of three growing seasons.

Thank you for your cooperation in completing the reclamation at the site. Please call Lynn Kunzler at 801-538-5310 should you have any questions regarding this letter.

Sincerely,

Paul B. Baker  
Minerals Program Manager
